

One-On-One Mentorship Program Parent Consent Form 2023-2024

Some Other Solutions Community Outreach Team provides various services to children and youth ages 7-18 years of age within the Regional Municipality of Wood Buffalo. All Community Outreach Programs and Services at Some Other Solutions are designed to be preventative, intervention, and resiliency-based support. Our Community Outreach Programs build resilient children and youth by developing trust, empathy, empowering young individuals, improving self-worth, communication skills and healthy coping skills. These services include supportive counselling and skill building as a main component of the programs.

Your child or youth will participate in the Some Other Solutions' Community Outreach Team's Programming. Your child/youth will meet one-on-one or in a group with a trained Community Outreach Worker at Some Other Solutions office, on school property, or on a virtual platform for 30-50 minutes per week in a duration of 6-10 weeks. The Community Outreach Worker will engage your child in activities that are interesting and fun and provide them with skill building and supportive counselling in a non-formal setting. Meetings will be monitored and structured by the Program Manager, the referral person, and the parent/guardian. Our Community Outreach Workers have been thoroughly screened and investigated by Some Other Solutions. Your role as a parent/guardian is the most important. The Community Outreach Worker will meet with you and ensure ongoing communication throughout the program duration.

Should you have any questions or concerns regarding programming, the Community Outreach Worker assigned can provide you with additional information. If you would like your child to participate in the program, talk to them about the program. If they are willing and comfortable with the program, please grant your permission by signing below.

Sincerely,

Community Outreach Manager

Some Other Solutions: Society for Crisis Prevention
